The discipleship challenge workshop

An interactive workshop for those wanting to transform the challenges of discipleship with 18-30s into opportunities for fruitful, authentic discipleship.

WHY?

Often called the "missing generation", 65% of young adults are completely unchurched. A quarter believe that Jesus is a fictional character.

96% of Church leaders say that reaching and discipling this generation is one of their top priorities for ministry and mission. Yet only 11% believe they have the understanding and resources to do it.

This event aims to radically change that. The 18-30s generation are hungry for authentic spirituality and go all out for God when they see Him as He really is - this is a discipleship challenge which can be overcome!

WHAT

We will unpack and explore

- the seismic cultural shifts and trends that explain why young adults are rejecting church.
- the communications revolution and how we can connect and communicate effectively and fruitfully.
- Freedom in Christ's discipleship strategy and tools for reaching and discipling this generation
- how you to help them step into their true identity as disciples of Jesus, free and walking in fruitfulness.

WHO

- For church leaders, youth leaders and others called to authentic discipleship with young adults (whatever your own age!)
- All wanting to find out more about 'disciple', FIC's 10-week discipleship course for 18-30s, and our radical approach to discipleship.
