FREEDOM  
IN CHRIST

# Getting started with The Freedom In Christ Approach

It's not as if we don't already have fruitful disciples in our churches. Just not enough! This event will equip you to help every Christian grow to maturity and bear fruit that will last. First we'll establish a foundation of key Biblical principles. Then we'll look at practical ways to implement them using the award-winning Freedom In Christ Discipleship Course now available in New Zealand for the first time. Written by Neil T. Anderson and Steve Goss, Freedom In Christ's International Director, the course has been used by over 200,000 people and 4,000 churches in the UK and can be used as a follow-on from introductory courses such as Alpha. This resource will:

- Help every Christian mature and become fruitful much faster
- Enable believers to know what they already have in Christ
- Equip people to win the spiritual battle and stand firm
- Help others assume responsibility for their walk with God

This event is for church leaders and youth leaders and is free of charge. To get the whole picture, you will also benefit from attending the accompanying Live In Freedom & Fruitfulness! event where Steve will teach from the FIC Course.
